

Siva Aunty was lively, our biggest inspiration throughout our life in Singapore. She taught us to be successful, confident, strong and kind just like she was. She was always there for her children, always putting us before herself and the same applied to her family and friends. Whenever we needed a shoulder to cry on or a person to talk to, Aunty was always there. We have so many fond memories of spending time with her. Let us pray for her to Rest in Peace with almighty God.
