

Dearest Akka( Renuka) and family

On behalf of the Ramasamy family, we would love to express our love and feelings for our favourite Clementi Mamee ( Baby Aunty)

It definitely has been truly heartbreaking and devastating news for all of us with regards to the passing of our beloved Clementi Mami.

She was my dad's cousin sister. My dad always joked that the relationship can be traced in 7 different ways through the different inter-connections. Since they're the same age and grew up in Jaffna ( Chulipuram village) together, they both were very close and had lots of wonderful memories from their childhood days to share.

I personally grew up watching how they would joke and tease each other. Despite their differences in views, they always cared for each other and called each other special loving endearments. She was also very close to my mum, another cousin to her by blood. Their daily phone call updates and chats filled with joy and laughter livened up our homes. This would be something truly missed especially by my mum (amma).

Clementi Mami was known to be a very kind and warm hearted person. Her bright smile and scrumptious meals would always be imprinted in our hearts and minds.

Her cooking especially her ginger rice and chicken curry would be one of the many fond memories I have of her. This year's birthday would feel a bit different since mami and I celebrate our birthdays one day apart and she would always try to wish me for my birthday.

Good bye mami and thank you for loving your cousin brother, cousin sister, their children and grandchildren as your own.

May you rest well now. We Love you a lot.

Om Namashivaya. 🙏

Much Love,

Ramasamy uncle and aunty, Selvi, Selva, Raja, Vino, Sunthari, Esu, Diviya and Kaashini ❤️
